OM-BO1

FOR OPTIMUM PLANT GROWTH 作物茁壮成长
UNTUK PERTUMBUHAN OPTIMATANAMAN

OM-BO1 is a fully bio-organic fertilizer that provides basic nutrients for optimum plant growth. It helps recondition the soil for better nutrients and water retention with the enhancement of nitrogen (N) fixation, phosphorus (P) and potassium (K) solubilization, as well as increasing the bio-activities in soil. OM-BO1 also improves root system development for more efficient nutrient absorption to prevent wastage.

纯生物有机
Fully Bio-Organic
Organik Penuh

均匀提供植物所需养分
Provides BALANCED nutrients required by plants
Membekal nutrien SEIMBANG yang diperlukan tanaman.

固氮解磷解钾
Enhanced N-fixation, P&K solubilization
Meningkatkan penetapan N, pencairan P&K

改良土壤保水保肥
Soil reconditioning for nutrients and water retention
Rawatan tanah supaya daya pengekalan nutrien air tersedia

改良根系发展
Improves root developments system
Mengubahsuai pertumbuhan sistem akar

养分有效被摄取防止浪费
Efficient nutrient uptake prevent wastage
Penyerapan nutrien yang efektif menghentikan pembaziran

改善土壤微生物活性
Increases soil bio-activities
Meningkatkan aktiviti unsur unsur bio tanah

适用于全部作物
Suitable for use in all crops
Sesuai untuk semua tanaman
